

Our Ref: OK/BRS/001

Monday 3rd December 2018

To whom it may concern

**Hinkley – Associated Developments Campus Sites
BRS Cleaning Contractors Limited**

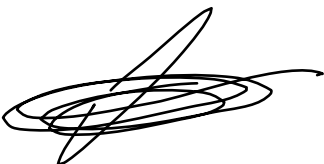

I can confirm that BRS have worked with us to carry out the builders cleaning works in relation to the aforementioned project.

BRS have worked direct for Laing O'Rourke (LOR) and also for some of our subcontractors on the site. They have completed the cleaning of 44 accommodation blocks incorporating circa 1500 bedrooms for our modular subcontractor Caledonian along with completing the cleaning direct for LOR within 2nr central amenity buildings. They also did carried out works for Kacier on the building envelope cleaning.

BRS have performed very well, managing demands from multiple contractors and resourcing the project well with hard working employees. The quality of work has been good and respectful of other trades works upon the site.

We would look to continue our relationship with BRS upon future projects based upon the performance they have demonstrated to us in relation to the Hinkley – Associated Developments Campus Sites.

Yours sincerely,

Ollie Kyles
Senior Commercial Manager
For and on behalf of Laing O'Rourke
