Re: BRS Cleaning Contractors

BRS Cleaning have assisted Readie with various projects in 2016. In July, they completed Builders and Sparkle cleans of 4 warehouse units at our Heathrow site and in September, the Builders and Sparkle cleans of a warehouse at our site in Dartford. Both projects were successfully completed and handed over on time and the feedback on site was very positive. The BRS team are professional and efficient, and experienced in what they do.

At present, BRS are working with us to complete our project in Milton Keynes and continue to demonstrate high standards of service and workmanship.

I thoroughly recommend BRS and will be inviting them to tender for future opportunities.

Regards,

Calogero Guglielmo
Trainee Quantity Surveyor
